

Group Evaluation

Evaluator: The ghost of CSE building and one-sixteenth of Team Steph – not the better one-sixteenth.

Evaluatee: Stephanie Conley

Evaluation:

Stephanie did all the work. I just sat on the computer and browsed Reddit.

When students of CSE 145/237D were asked to share their thoughts, newly graduating masters student Allyson Cauble-Chantrenne said wearily “I’m trying to find a quote for my evaluation.” *pause* “The project was...very green.”

Antonella was not available for comment.

Bill Gates was asked to read from a piece of paper out loud. He is noted saying
“Stephanie is the voice of our generation.”

“.....wait who is Stephanie?”

Le Fin.
